

MasterPeace Dog Training *presents*

Denise Fenzi

Drives & Motivation for Obedience and Problem Solving for Obedience

Where: MasterPeace Dog Training, 264 Fisher St., Franklin, MA

When: April 14-15, 2012, from 9 AM—4 PM

Cost: \$150 (2 days), \$90 (1 day)

A light breakfast is included in the cost of the seminar; lunch will be available on site for purchase.

Pre-selected demo dogs will be used to illustrate Denise's points. You may bring your dog and work him during breaks.

Refunds prior to 3/31/12 subject to \$25 fee; no refunds after that date.

Denise does more than teach you to train your dog in specific exercises; she teaches you understand the work from your dog's point of view so you become a problem solver for your dog. She places special emphasis on handler body mechanics and teaches the handler to communicate expectations as the dog learns to self-correct without verbal or leash help. This "body reining" approach results in increased attention and awareness in the dogs as they adjust and respond to subtle handling. She uses **NO** pain compliance techniques in her training, and she is extremely careful about respecting a dog's emotional make-up as well.

Denise's fun, motivational, and positive training methods will bring enthusiasm to your training and accuracy and exceptional attention to your dog's work! A 25 year veteran of training, competing and titling in obedience and many other dog sports, she has earned many HITs in obedience. She currently competes with her Belgian Tervurens, OTCH "Raika" Schh2 UDXTD and "Cisu" Schh3 UDXTD, and is in training with her new Terv puppy, Lyra.

Sat., Apr. 14th: Denise will cover drives and how to build them to a level that they can be used throughout your training.

Sun., Apr. 15th: This day will cover obedience problem solving. The pre-selected demo dogs will be used to illustrate a range of obedience problems.

Directions to MasterPeace Dog Training, 264 Fisher St., Franklin, MA Phone: 508-553-9300

From Rte 495, take Exit 17 and follow Rte 1405 for approx. 1 mile. Turn right onto Fisher St: we are at the end of Fisher St..
