Sunday, June 9, 2019

MasterPeace Dog Training

264 Fisher St.

Franklin, MA 02038

This ORT will take place at a ground floor training center at the end of a dead-end street, with the building entrance easily accessible from the parking lot; the building does not have stairs. The parking lot, including the pathway leading to the building entrance, is paved asphalt, with a hard-packed dirt parking area well beyond that, which could require you to navigate uneven terrain, including a transition from hard-packed dirt to asphalt. The flooring in the test area is Great Mats matting. Due to unforeseen conditions, such as weather or change in availability of areas at the location, the expected test area, parking, and/or pathways may be modified at the last minute.

Test Site Information

The testing will be inside an air-conditioned training building with Great Mats matting on the floor. There will be separate entry and exit doors to the testing area. Two restrooms are located in the building, adjacent to (but will be visually blocked from) the ORT area and may be used during the testing. All dogs must be crated in your car until they are being tested, as there is NO inside crating at the ORT facility. Please plan ahead to keep your dog cool and comfortable in your vehicle, with fresh water, shade, and cooling fans as needed. You are responsible for picking up after your dog. We will have a separate area for parking for reactive dogs. Please bring your own lunch as needed. Several sit-down and fast food restaurants are located within 1 mile of the facility.

All dogs must be on a 6' leash at all times when not being tested. No flexi-leashes for walking dogs on test site grounds; flexis may be used in the test itself.

Reactive dogs must wear a red bandana.
