

About the Seminars:

- Advanced Nose Work Games (Sat.): this seminar will build on what Michael covered at the Games seminar last Fall; new games will be introduced to help teams further learn to cope with trial stress and anxiety in a fun and exciting way! Dogs should be working on birch, anise and clove.
- Patterns and Handling (Sun.): this seminar is for dogs at any stage of training and for handlers who enjoy being precise. All 4 elements (containers, vehicles, exteriors and interiors) will be tackled and the following questions (and more) will be covered:
 - What is a pattern?
 - Why do patterns?
 - When should I pattern and when should I let the dog lead?
 - Are some searches better for patterning than others?
- Nose Work Games (Mon.): revitalize your Nose Work training for you and your dog! Learn how to cope with stress and competition anxiety and turn it into fun and excitement! Each game will focus on different skills or attitudes that you can then apply to everyday searches. Dogs should be working on birch, anise and clove.

Details:

Working spots: \$185. There will be limited working spots for each seminar. If you have more than one dog, you may work a different dog each day. The same dog cannot be worked more than one day.

Audit spots (unlimited): \$100 for 1 day; \$170 for 2 days; \$225 for 3 days

Refunds: refunds, minus \$25 processing fee, until May 10th; no refunds after that date.
